

Certified ScrumMaster® Training

Scrum Alliance® accredits this course. Upon completing the class and passing the exam, you will receive the Certified ScrumMaster® certification.

Overview

Our live-online or in-person Certified ScrumMaster (CSM) training course gives you essential knowledge for adopting Scrum and continuously improving your organisation. In our Certified Scrum Master course, you will learn practical techniques for taking your team to the next level.

It covers both distributed and co-located teams.

You can book a place at one of our scheduled events, or we can teach a private in-house course for your organisation.

About the Certified Scrum Master Course

What Does the Certified Scrum Master Course Cover?

The Certified Scrum Master training course covers the following:

- Lean, Agile and Scrum — clarifying your understanding of Scrum and its underpinnings.
- Scrum patterns — going beyond the basics towards excellent Scrum.
- Facilitating great retrospectives — how to help your team to find value in retrospectives.
- The Scrum Master as Team Coach — what coaching is and why it differs from mentoring and consulting.
- An introduction to powerful questions.
- How the Scrum Master serves the development team.
- How the Scrum Master supports the product owner.
- Facilitating impediment removal.
- The Scrum Master as an agent for change.

Upon completing the Certified ScrumMaster course and passing the online assessment, you will become a Certified ScrumMaster® (CSM).

Who Should Attend the Certified Scrum Master Course?

Participants of the Certified Scrum Master training course are typically Scrum Masters or others seeking to understand Scrum, including:

- Beginners who are new to Agile/Scrum.
- Those currently working in software or non-software Agile/Scrum Teams.
- Established practitioners looking to formalise their experience.
- Managers and Executives interacting with Scrum teams.

You may be brand new to Agile, have some knowledge under your belt, or be working in a Scrum Team now. Whatever your current position, you will have come to understand that an Agile working environment brings considerable benefits in terms of quality, productivity, and time to market. This course is the next step, as it establishes a solid foundation in knowing what good practice looks like to ensure successful outcomes.

Certified ScrumMaster is ideal for anyone looking to start in Scrum and Agile, and it's effectively essential for established practitioners looking to move on to the next level with formal training to back up their hands-on experience.

With a CSM certificate earned through Scrum Alliance-endorsed training, you will hold an invaluable certification in Scrum, boosting your professional standing and prospects. Our CSM is equally suitable for beginners, those working in software and non-software Scrum and Agile roles, and managers and executives who interact with Scrum teams and want to learn the language and understand the framework.

What Will You Learn in the Certified ScrumMaster Course?

In the Certified ScrumMaster training course, you will learn about the following:

- Introduction
- Lean, Agile and Scrum
 - Agile and Scrum Review and Refresh
 - Fixed vs. Growth Mindset

- Service to the Product Owner
 - What Support Does the Product Owner Need?
 - Techniques for Stakeholder Management
- Service to the Organisation
 - Dealing with Impediments: Circles and Soup and The Executive Action Team
 - Why is change hard?
- Questions and Answers

How Do I Become a Certified Scrum Master?

After you have completed our course, we will register you for the online CSM exam. The registration fee is included in the course fee.

The exam is multiple-choice and taken online—there is no need or option to go to a test centre.

There are 50 questions and a 1-hour¹ time limit. To pass, you need a score of 74% (37 or more out of 50 questions must be answered correctly).

If you don't pass, you can retake it without any charge. Further retakes cost \$25.

After passing the test, you can claim your Certified ScrumMaster accreditation and download your certificate from Scrum Alliance. Scrum Alliance also automatically provides you with a digital badge through BadgeCert, which you can add to your LinkedIn profile.

What Will You Get?

If you attend the Certified Scrum Master training course, you will benefit from the following:

- The course will immerse you in the world of Agile and Scrum.
- You will receive an electronic copy of the course workbook and an extensive collection of follow-up materials, including the trainer's ebook on retrospectives.
- We will register you for the Certified ScrumMaster® (CSM) online assessment.

¹If you have a learning difficulty that impacts your ability to complete exams within standard time limits, Scrum Alliance can offer an extended time for exam completion to accommodate challenges related to reading fluency, comprehension, or processing speed. Please let your trainer know if this applies to you. It will be treated in the strictest confidence.

- You'll receive a two-year membership in the Scrum Alliance, which gives you access to exclusive member features and content.
- Project Management Professionals® (PMP) can claim 14 PMI PDUs.
- A free optional coaching/mentoring call with the trainer.

Why Choose Certified Scrum Master from ScrumCenter?

Firstly, our live-online Certified ScrumMaster course is interactive, engaging, and fun. It's designed using training from the back of the room techniques, leveraging the science behind how the human brain learns.

Secondly, people like you who attended our live-online Certified ScrumMaster course found it highly valuable. Here are some quotes about our training:

"Simon is an outstanding agile trainer and empathic agile coach. He has vast software development experience and is a fantastic storyteller. Simon skilfully introduces agile concepts and practices and knows how to bring his ideas across. What fascinates me about Simon is his ability to connect with people and get a detailed sense of their needs. He shares a wealth of experience, knowledge, techniques and approaches and sows seeds of insights and a deeper understanding of Agile and lean, which truly grow and transform the way one works and collaborates. Shortly said, if you want to transform to agile, Simon is your man." Anna

"The agility with which the host adapted to our current situation (coronavirus) by setting up the online course was a really authentic example of how to (positively) react to change." Henrik

"Simon is like a deep lake of Agile knowledge and experience, and it was a pleasure to work with him." Marcel

Finally, after the course, you can book a free follow-up mentoring call with the trainer to help put your new learnings into practice!

How to Book

Places on our Certified ScrumMaster course can be booked through our website (<https://scrumcenter.co.uk>) or via email. If you would like to book three or more places on the same course, we can offer a discount. Please contact us at training@scrumcenter.com, and we will respond promptly with an offer.
